

**DOCTORS WITH GUNS**

# Licensed to kill?

Original concept by Dr Scott Weingart,  
EmCrit blog author

# Guns don't kill, people kill..

- Accidentally
- Intentionally
- You need a licence to own and operate a firearm, legally
- What about intubation/airway management?

# Can you intubate?

# Should you intubate?

# Are there alternatives ?

A Truhlara, D Ferson. Use of the LMA Supreme in prehospital difficult airway management, 2008 case report.

# Oxygenation at all costs!

# Do this

<http://www.epmonthly.com/archives/features/no-desat/>

Not this

# Nor this

© Can Stock Photo - csp4389698

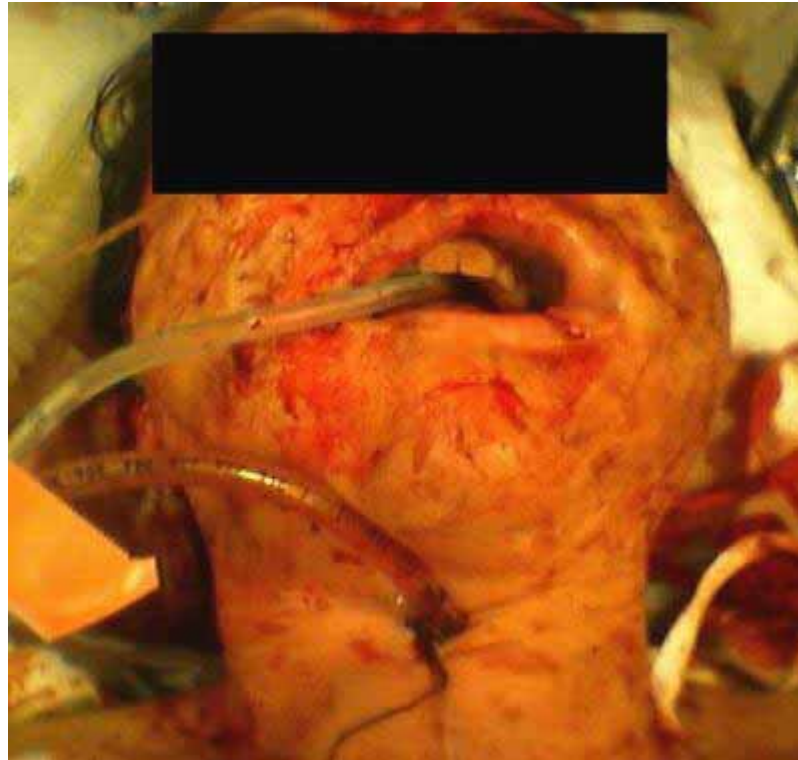

# Know these

# Please use this

# Be prepared for this
